

## TECHNOLOGY PROFILE OF Eanes ISD

**LOCATION:** Central Texas spanning 31.2 square miles of scenic Texas Hill Country, and includes parts of Austin as well as the municipalities of Rollingwood and Westlake Hills within its boundaries.

**NUMBER OF SCHOOLS & STUDENTS:** Approximately 6,300 students distributed among eight campuses: one high school, two middle schools, and five elementary schools. Employs approximately 500 teachers.

**TECHNOLOGY SUMMARY:** Eanes ISD has been actively working the last three years toward updating all of its campuses with technology. Every campus is connected to the central office computer network via modems, and each uses a centralized computer system for library record management, grading, scheduling, and financial management. Both West Ridge Middle School (689 students) and Hill Country Middle School (791 students) have a ratio of one computer for every six students.

**TECHNOLOGY COORDINATOR:** Dr. Carol McKenzie, West Ridge Middle School Principal, and CSILE teachers, Chris Lickteig and Jim Beeler, (512) 263-3144, FAX (512) 263-3225.
